

One Winter evening (Pep Lladó/ Traducción. Dámaso Montes)

One winter evening, sitting on the couch
We were watching *Ghost* and you were hugging me
We were watching *Ghost*

One winter evening you whispered:
If death comes one day and does us apart
Keep my love

In the flask of things unharmed
Which keep their scent forever,
Forever, my love, forever
May each of our kisses
Stay with us forever

Oh, my love
I won't ever forget you
Oh, mi amor
When I close my eyes, I can still feel you
Oh, mi amor
Your memories are my dearest treasure
